

LME Historical Market Data

LME Exchange Open Interest

1

Cost

LME Exchange Open Interest (EOI) data is available to purchase from the LME for \$78 per contract per year for the first 5 items purchased. Any additional items are charged at the discounted rate of \$49 per contract per year.

Delivery

Data will be available to download from the Online Licensing Portal in MS Excel format once payment by bank transfer or credit card has been received.

Please refer to the [LME Market Data Services Agreement](#) for terms and conditions. Customers purchasing Licensed Data from the Historical Data Service are unauthorised to distribute the Licensed Data, or use the data for any other commercial purpose without the appropriate licensing, and are not permitted to use the Licensed Data in any legal proceedings (including steps pursuant to a pre-action protocol) without the written prior consent of the LME.

Description

EOI is a calculation produced by LME Clear representing its exposures to clearing members. It shows the open positions and the calculations are based on registered contracts between LME clearing members only recorded on the Matching System. This is a daily report published one business day in arrears.

Below is a sample of the LME Primary Aluminium EOI prices.

Fig. 1 - This format is used from 2022-to date.

Fig. 2 - This format is used from 2010 to 2020 for Futures, Options and TAPO contract types.

Fig. 3 - This format is used from 2000 to 2009 for the Futures contract type.

Fig. 4 - This format is used from 2000 to 2009 for the Options contract type.

Fig. 5 - This format is used from 2000 to 2009 for the TAPO contract type.

Please be aware that:

- Steel contracts were launched in February 2008, and then became one global Steel Billet contract in July 2010. (Data for Steel is only available in USD).
- The Steel Billet contract was suspended for trading in April 2017, so 2017 data is only available for Jan-March 2017.
- Steel Rebar, Steel Scrap and the Aluminium Premium contracts were launched in November 2015. The 2015 data therefore covers the end of November and December 2015 only.
- LME Cobalt and LME Molybdenum were launched in February 2010.
- LME Molybdenum was suspended for trading as of the 8th March 2019, so 2019 data is only available for Jan – 7th March.
- There is no EOI data for 2021.
- 2023 EOI AA, NA and CO do not have 253 days' worth of data as the position went to 0, i.e. no data
